

THE NEW 12-SIDED £1 COIN

The new £1 coin arrives in the UK on 28th March 2017. One in thirty £1 coins currently in circulation is a counterfeit; the new coin has security features that make it harder to counterfeit, including a latent image that changes when viewed from different angles.

COMPOSITION

OUTER RING
NICKEL-BRASS

INNER RING
NICKEL-PLATED ALLOY

The exact specification of the nickel-plated alloy has not yet been revealed.
